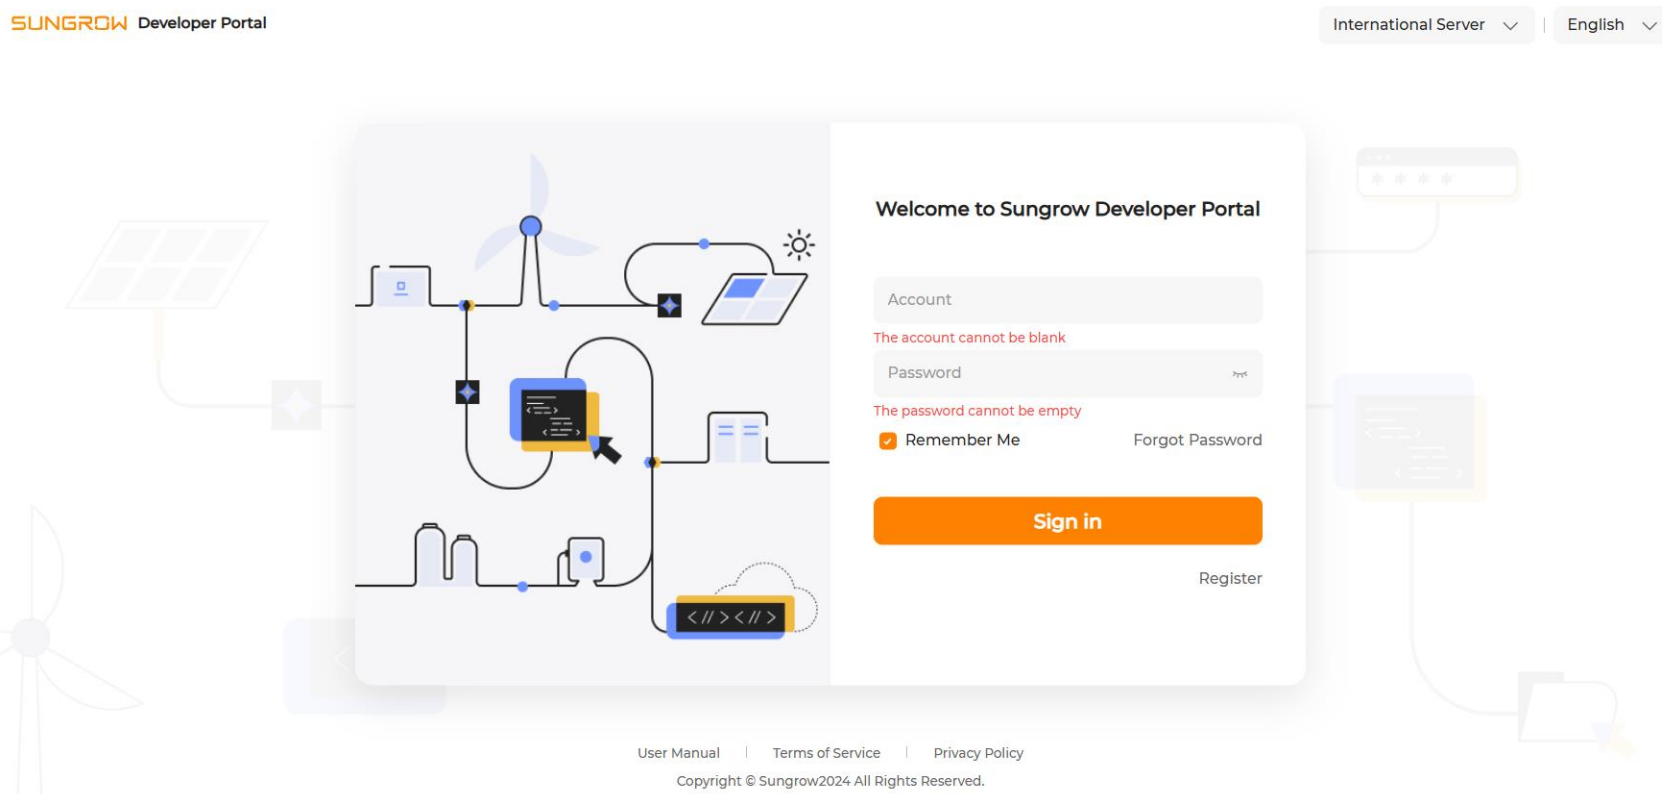
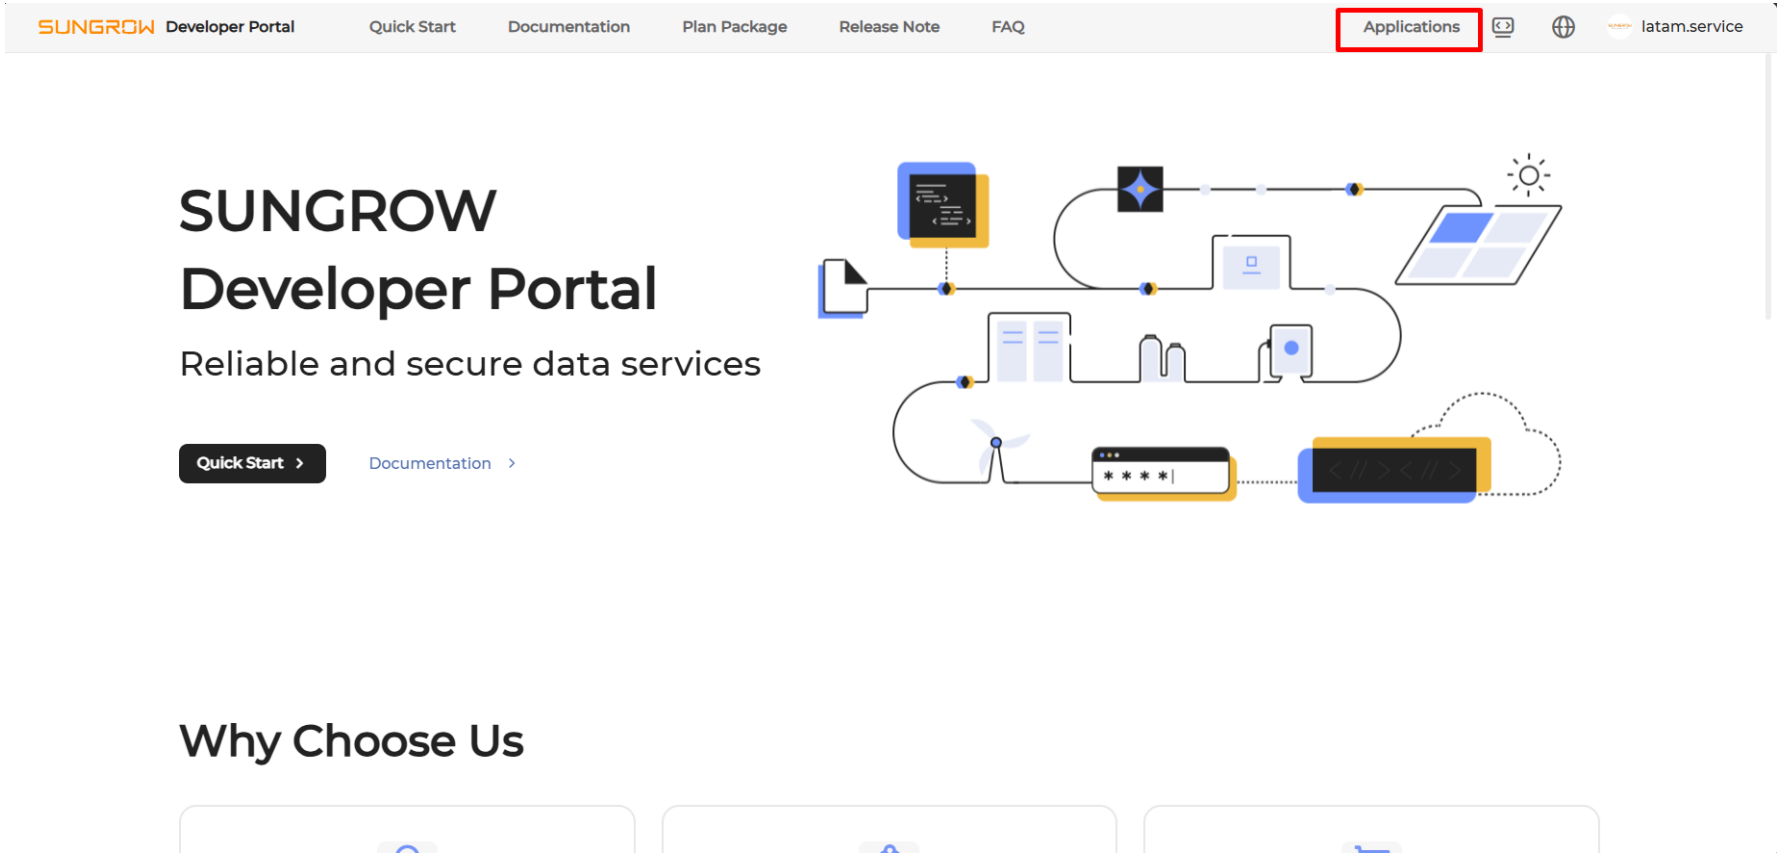
SUNGROW BRASIL

Criação de Chaves API

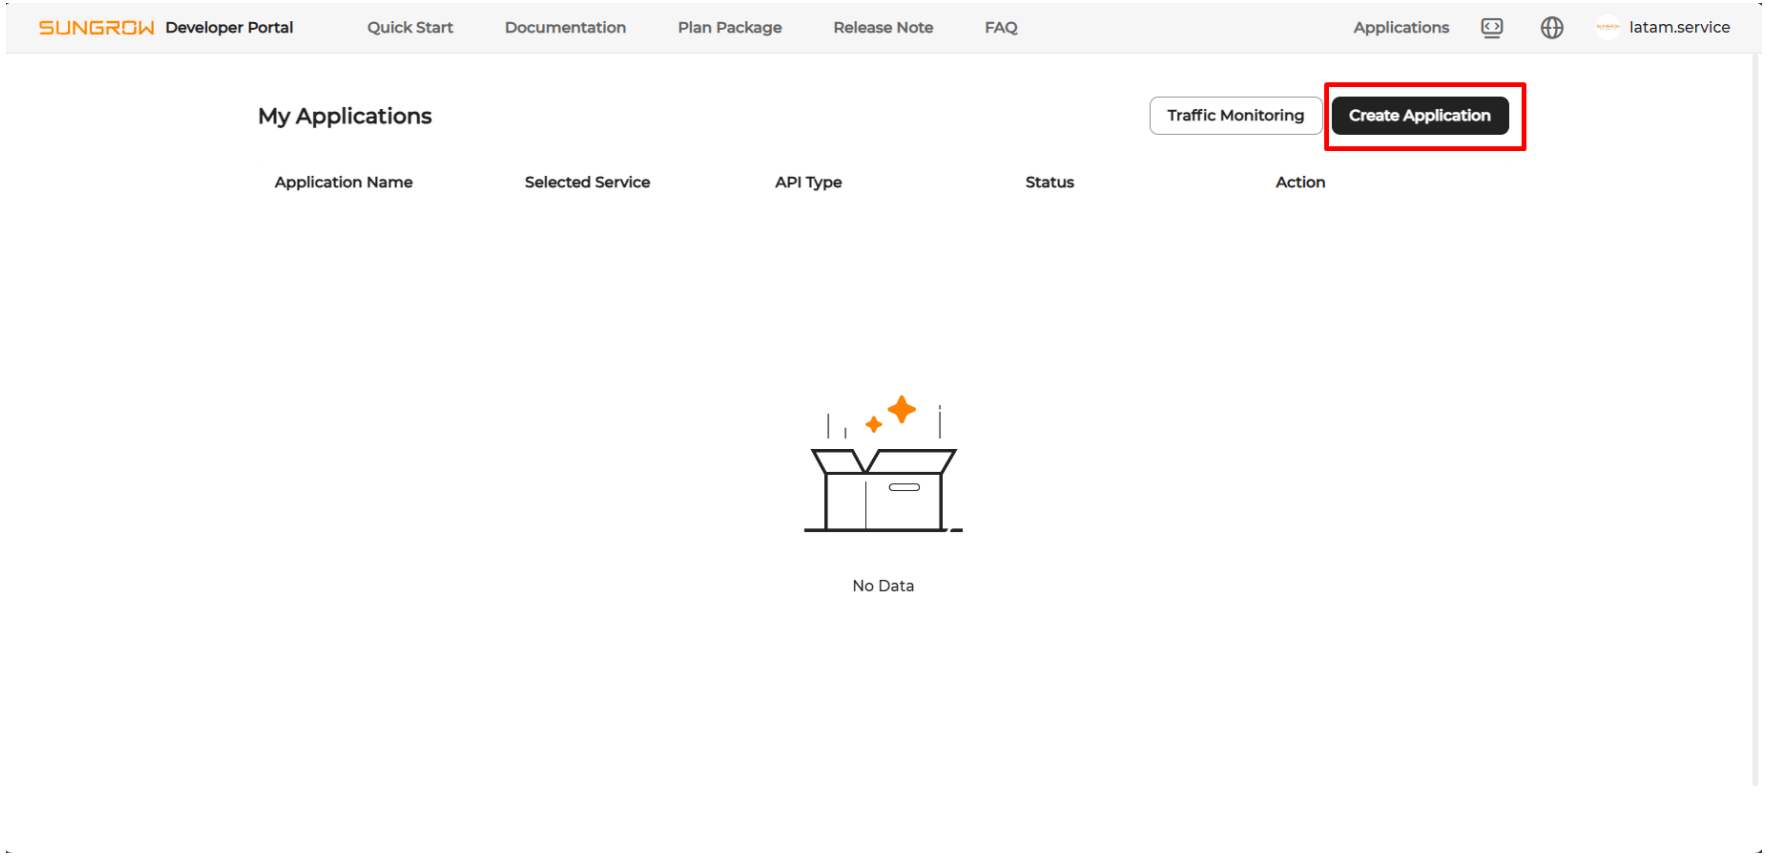
1. Acesse o Portal de Desenvolvedor (Sungrow Developer Portal) e realize o login com a sua conta do iSolarCloud.



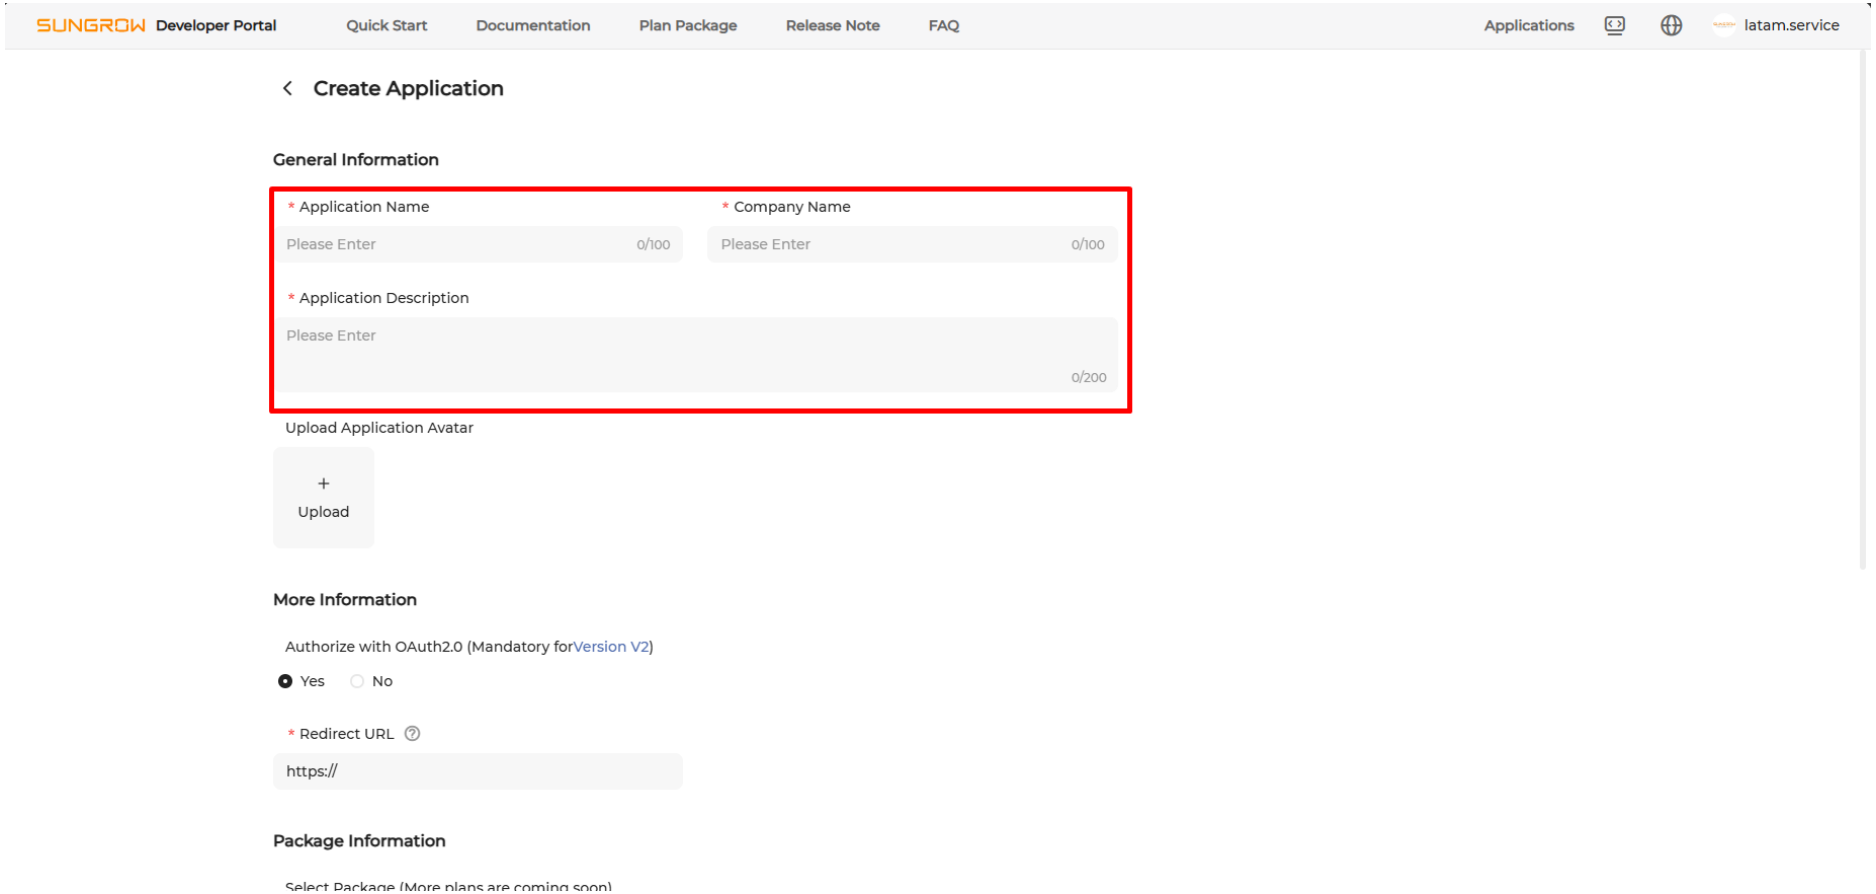
2. Após realizar o login, acesse a aba *Applications* no canto superior esquerdo.



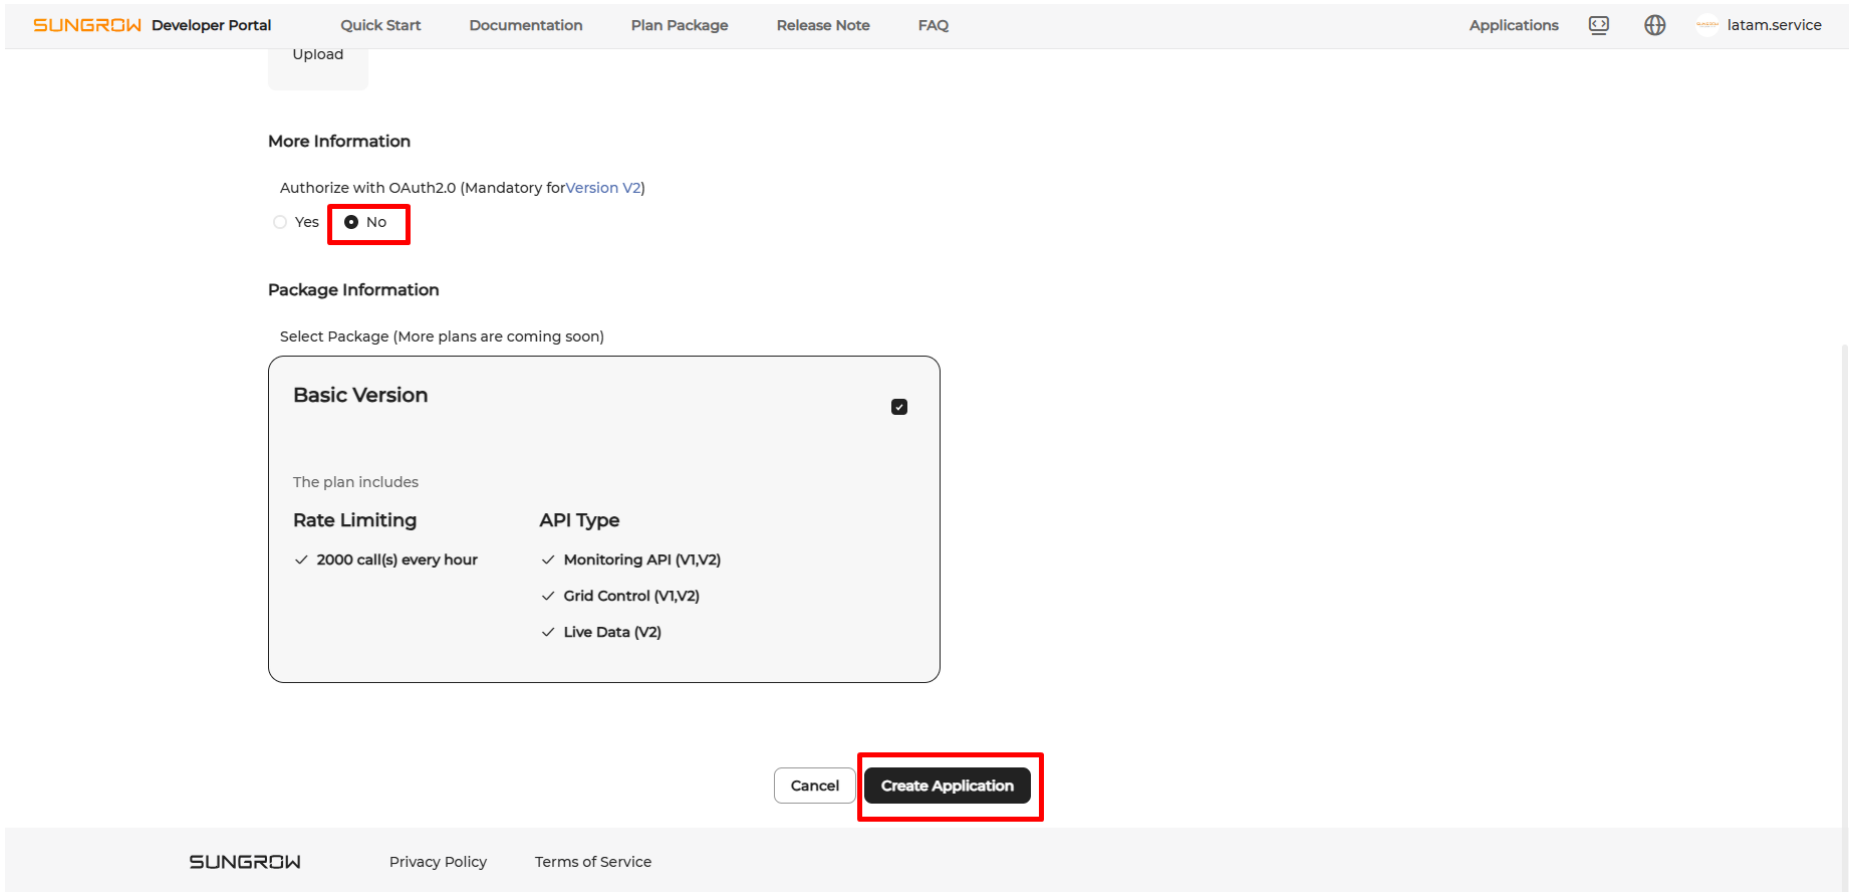
3. Clique no botão *Create Application*.



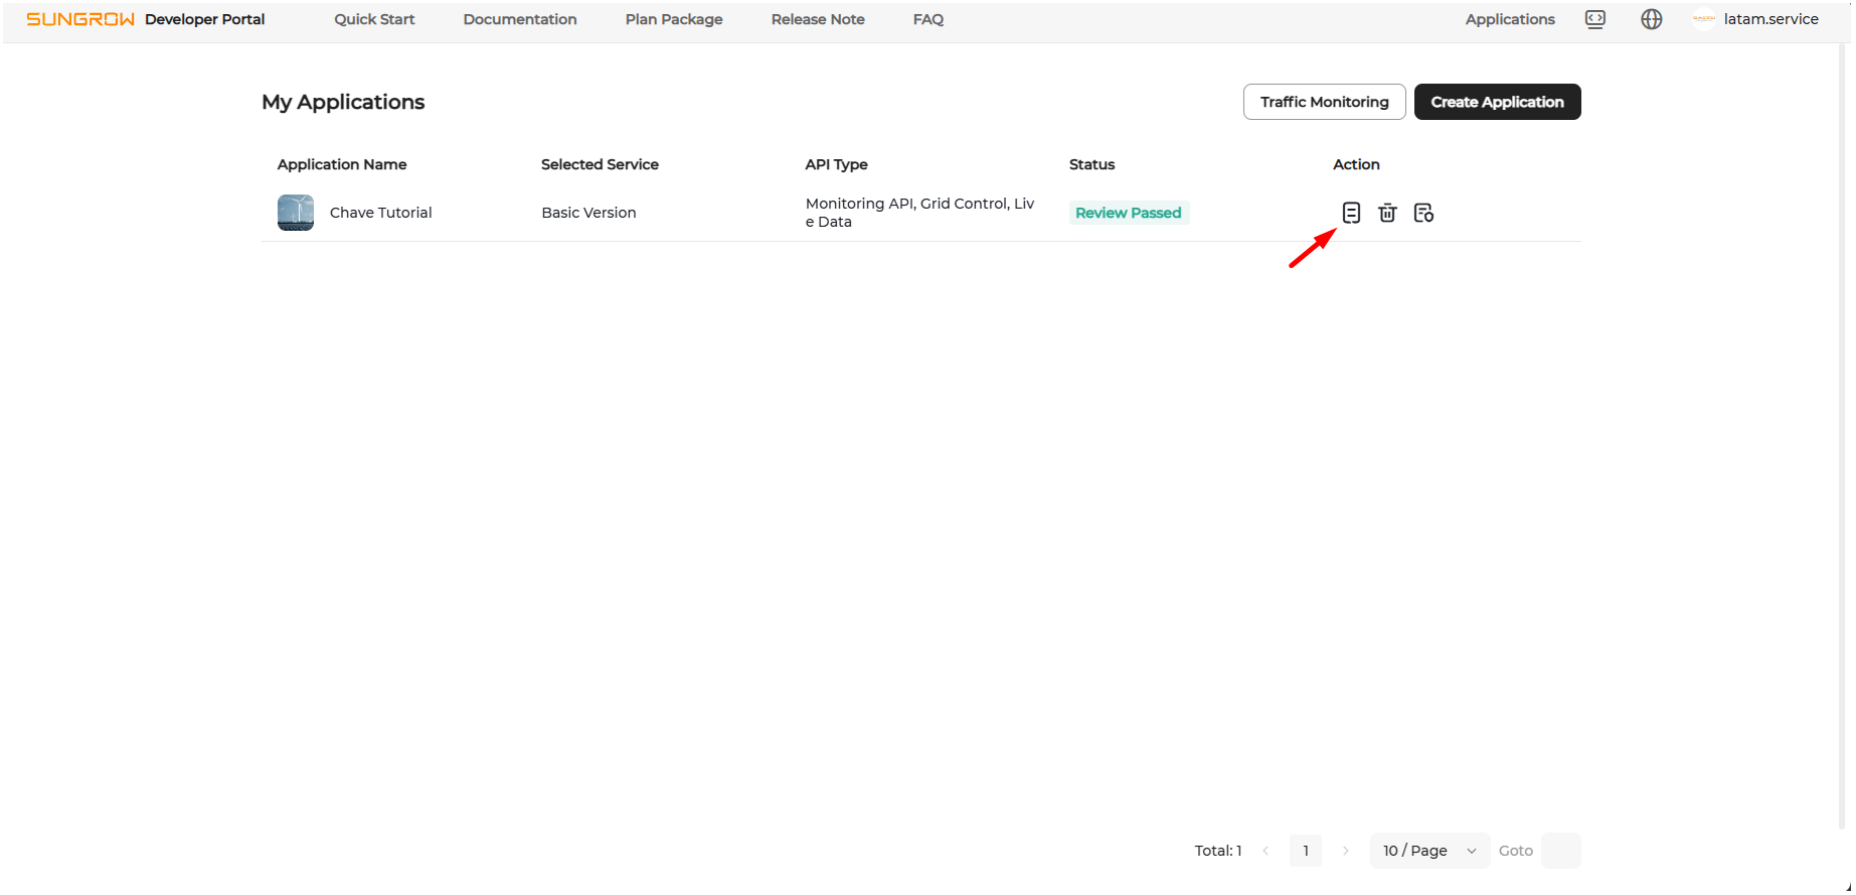
4. Preencha os campos obrigatórios com as informações de sua empresa e motivo da criação das chaves.

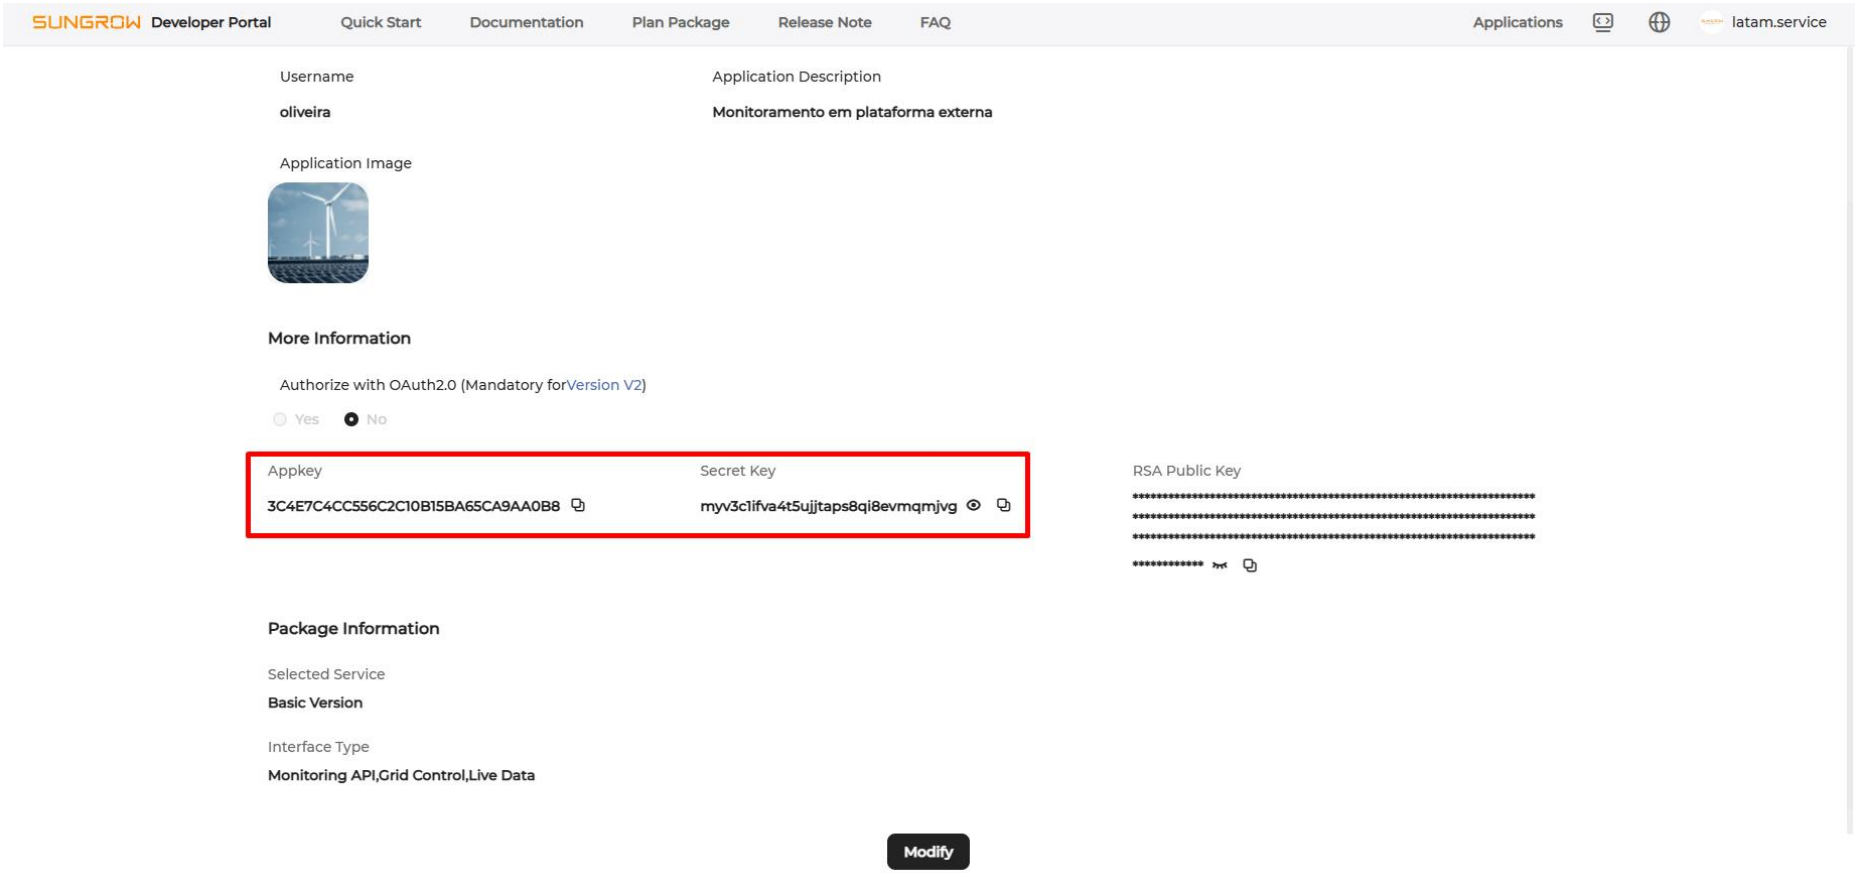


5. Selecione a opção não do OAuth2.0 e depois clique em *Create Application*.



6. Com as chaves criadas, aguarde até que o *Status* esteja em *Review Passed* , e então, acesse o ícone indicado.





7. Então você terá acesso as chaves de acesso.
